

Northwest Middle School 2015-2016

BASKETBALL

2015 SCIENCE FAIR

Science fair is an opportunity for students to apply the scientific method to conduct independent research. The results of each student's research is presented in a school wide science fair where the student's efforts are displayed and where students are interviewed to determine scientific merit. Students who have been judged to have used the scientific method properly and who have demonstrated thoroughness in their studies and effort are awarded prizes and are advanced to compete in regional, state, national and international science fairs.

Northwest Middle School Student Council

Student Council is a student-based civic organization designed to help promote school spirit and leadership among students. Benefits of being involved in student council include: opportunity to improve reading and writing skills, gain experience in public speaking, and learn how to make a positive impact on the school and community environment. In addition, student council serves as a chance to meet new friends and work with a wide variety of people.
